Savour cozy winter moments in this warm and welcoming log home situated within walking distance of Whistler Village, in the popular Whistler Cay neighbourhood. Thoughtfully crafted by Murray Arnott, this well-proportioned home offers exceptional privacy over three main levels; a master suite with fireplace offers mountain views from a private balcony, while two additional bedrooms, plus a separate 2 bedroom suite allows family and guests their own retreat to relax and unwind.

A chef's kitchen overlooks a vaulted family area for casual gatherings by the fire, while a separate dining and living area, and large covered outdoor deck offers an ideal space for entertaining any season. Completing the list of essential features of this Whistler residence, the home also offers a covered hot tub, ample storage and double car garage with room for all of your mountain toys.

Restrictive Covenant restricts occupancy to local employees and retirees only. No restrictions on re-sale.
